2008 FPRW Call for Presentations

The 2008 FPRW Program Committee is seeking presentations for the following topics:

Please submit your presentation information using the on-line application at
<http://www.flworkshop.com/registration.php>

2008 FPRW Theme: "Where is Pesticide Residue Analysis Going in the Future?"

Some of the topics planned include:

- Extraction methods for pesticide residues in food, water and environmental samples
- Instrumental methods of residue analysis including GC/MS, LC/MS and immunoassay
- Residue analysis from the pesticide and pharmaceutical industry perspective
- Analysis of new compounds such as biopesticides, emerging pollutants, packaging migrants, etc
- Veterinary drug residues in foods and water
- MS techniques - Challenges and Solutions
- Experiences implementing ISO 17025
- Chemical Contaminants and Residues in Food Community, Pesticide and Veterinary Drug Subgroups
- MS Users Meeting - Open Forum (Bring your problems and observations to the group)
- Bigger and Better, Free Vendor Seminars (Sun evening, M,T,W breakfast and M,T,W lunch)
- 30+ Exhibitors
- Two days of Posters
- Evenings on the beautiful Florida Gulf Coast beaches

See the "Meeting at a Glance" for an outline of the 2008 program.
