Sunday, July 20, 8:00 am to 3:00 pm

Tuition Fee: \$500.00

A 2-day course on important laboratory issues such as Method Development and Validation, Quality Control and Assurance, and Troubleshooting is in the plan for Saturday and Sunday (July 18 and 19, 2015). More detailed information on the course and cost will be posted at www.NACRW.org soon.

- COURSE IS LIMITED TO 25 PARTICIPANTS

DISCUSSION SESSIONS

Several opportunities for informal, interactive discussion sessions are being planned for NACRW this year. These include the Mass Spectrometry Forum, the FDA/State Round Table meeting, and an overview of the pesticide subgroup of the AOAC Community for Chemical Contaminants and Residues in Food. Please check www.NACRW.org for more information, and join your colleagues in Florida!

JOIN NACRW LinkedIn GROUP

Continue networking all year long! Join our discussion group to share best practices, get support, and learn about new methods, technologies, and events in the chemical residue analysis community.

Group name:

North American Chemical Residue Workshop (NACRW)
